

Year 12 (L6) — Homework & Consolidation Plan, 2026/27 (v2)

Week-by-week **homework** and **consolidation** tasks aligned to the L6 CMP scheme of work — now mapped to the exact files in `Course/`. Designed for the ~4.5 hrs/week of independent study (IST/VESPA).

How it works

- **Homework** = the **Homework sheet for that week's subtopic(s)** — every sheet is /20, has a Part B that *re-tests earlier topics* (spaced retrieval built in), and comes with a separate answer sheet. In `Course/Component N/<Topic>/<Subtopic>/Homework.pdf`.
- **Consolidation** = rounds out the week and *builds confidence in prior topics*: the subtopic **Revision Notes**, **Flashcards**, the subtopic **Worksheet** (quiz), and — at the marked points — a **Topic Mini-Paper**, **End-of-Topic Worksheet** or a cumulative **Recap Checkpoint**.
- **Recap Checkpoints** (in `Course/Recap Checkpoints/`): Recap 1 (1.1–1.2) → week 10 · Recap 2 (1.1–1.3) → Christmas/week 15 · Recap 3 (1.1–1.4) → week 24 · Recaps 4–6 include 1.5/2.2–2.3 content, so hold them for **Year 13** (Recap 3 + Mock Paper 1 are the Year-12 pre-mock tools).

Autumn Term 1

Wk (w/b)	Taught	 Homework	 Consolidation
1 (31/08)	Induction & diagnostic; VS Code/Python setup	Complete the diagnostic task ; verify VS Code + Python + Classroom access.	Read the subject booklet; set up notes/folders (VESPA <i>Systems</i>); skim 00 START HERE .
2 (07/09)	1.1.1 CPU, FDE, performance, Von Neumann/Harvard	Homework 1.1.1 (/20). Programming: Workbook 1 §1–2.	Revision Notes 1.1.1 cover-and-recall; start Flashcards 1.1 ; redo missed diagnostic Qs.
3 (14/09)	1.1.2 Pipelining, CISC/RISC, GPUs, multicore · KA1	Homework 1.1.2 (/20); revise for KA1 with Knowledge Organiser 1.1 .	Worksheet (quiz) 1.1.1 closed-book, self-mark; Flashcards 1.1.
4 (21/09)	1.1.3 I/O & storage; RAM/ROM · 2.1.1 Thinking abstractly · KA1 fb	Homework 1.1.3 + Homework 2.1.1 ; act on KA1 feedback (error log).	Quizzes 1.1.2 & 2.1.1 ; Revision Notes 1.1.3.
5 (28/09)	1.2.1 OS, scheduling, interrupts · 2.1.2 Thinking ahead · CAP1/KA2	Homework 1.2.1 ; prep CAP1/KA2 with Organiser 1.1 + Flashcards.	Quiz 1.1.3; Mini-Paper 1.1 Section A timed (first spaced retrieval of 1.1).
6 (05/10)	<i>Review wk 1</i> · 1.2.1 BIOS, drivers, VMs · CAP1/KA2 fb	Homework 2.1.2 ; act on CAP1/KA2 feedback.	File-check prep; Quiz 1.2.1 ; mixed Flashcards 1.1+1.2.
7 (12/10)	1.2.2 Translators & compilers · 2.1.2 caching/reuse · KA3 · <i>CAP1 due 12 Oct</i>	Homework 1.2.2 (/20); compilation-stages drill (End-of-Topic Worksheet 1.2 §A).	Full Mini-Paper 1.1 , timed & marked; Quiz 2.1.2 .
HT (19/10)	—	Finish any outstanding sheet.	10 min/day Flashcards 1.1–1.2 — light and spaced.

Autumn Term 2

Wk (w/b)	Taught	 Homework	 Consolidation
8 (02/11)	1.2.3 Methodologies, test strategies · 2.1.3 Thinking procedurally · KA3 fb	Homework 1.2.3 + Homework 2.1.3.	Quiz 1.2.2 ; Revision Notes 1.2.3; act on KA3 feedback.
9 (09/11)	1.2.4 Paradigms, assembly, OOP · CAP2/KA4	Homework 1.2.4 (/20); prep CAP2/KA4 with Organiser 1.2.	Quiz 1.2.3 ; Flashcards 1.2; Mini-Paper 1.1 re-run of wrong Qs.
10 (16/11)	1.3.1 Compression & encryption · 1.3.2 Databases intro · CAP2/KA4 fb	Homework 1.3.1 ; act on CAP2 feedback.	 RECAP CHECKPOINT 1 (1.1–1.2) , timed & self-marked; Quiz 1.2.4.
11 (23/11)	1.3.2 Normalisation & SQL · <i>file checks</i>	Homework 1.3.2 (/20); SQL practice (End-of-Topic Worksheet 1.3 SQL tasks).	Quiz 1.3.1 ; Revision Notes 1.3.2; file-check prep.
12 (30/11)	1.3.3 Networks, TCP/IP, hardware · <i>RAD day 1</i>	Homework 1.3.3 (/20); redraw TCP/IP + topology diagrams (Diagram Bank).	Quiz 1.3.2 ; mixed Flashcards 1.1–1.3.
13 (07/12)	2.1.4 Thinking logically · 1.3.4 HTML/CSS/JS · <i>CAP2 due 7 Dec</i>	Homework 2.1.4 + Homework 1.3.4 Part A.	Quiz 1.3.3 ; Revision Notes 1.3.4 + 2.1.4.
14 (14/12)	1.3.4 Server/client-side, PageRank · EOY quiz (4 days)	Finish Homework 1.3.4 ; prep EOY quiz with Organisers 1.1–1.3.	Quiz 1.3.4 + Quiz 2.1.4 ; Mini-Paper 1.2 timed.
Hol (21/12)	—	 RECAP CHECKPOINT 2 (1.1–1.3) over the break, plus one Mini-Paper of choice.	10 min/day flashcards, spaced — nothing heavy.

Spring Term 1

Wk (w/b)	Taught	 Homework	 Consolidation
15 (04/01)	1.4.1 Binary, negatives, add/subtract, hex	Homework 1.4.1 Part A + conversion drills (End-of-Topic Worksheet 1.4 §A).	Mark the holiday Recap 2; re-RAG weak topics on the PLC .
16 (11/01)	1.4.1 Floating point, bitwise · KA5	Floating-point drills (Worksheet 1.4 FP activities); prep KA5 with Reference Sheet .	Quiz 1.4.1 Section A; Revision Notes 1.4.1.
17 (18/01)	1.4.1 Character sets · 2.2.1 Constructs · KA5 fb · <i>U6 mocks</i>	Finish Homework 1.4.1 ; Homework 2.2.1 Part A; act on KA5 feedback.	Full Quiz 1.4.1 ; Flashcards 1.4 started.
18 (25/01)	1.4.2 Arrays → stacks/queues · CAP3/KA6	Homework 1.4.2 (/20); prep CAP3/KA6 with Organiser 1.4 .	Quiz 2.2.1 ; stack/queue traces (Worksheet 1.4 §A); Workbook 2 stack/queue classes.
19 (01/02)	<i>Review wk 2</i> · 1.4.2 implementing (C3) · CAP3/KA6 fb	Implement linked list / stack / queue in Python (Workbook 2); file-check prep.	Quiz 1.4.2 (structures half); Mini-Paper 1.3 timed.
20 (08/02)	1.4.2 Graphs, trees, hash tables (<i>3 days</i>) · <i>CAP3 due 8 Feb</i>	Finish Homework 1.4.2 wrong-answer redos; BST + hash table in Python (Workbook 2).	Full Quiz 1.4.2 ; Revision Notes 1.4.2.
HT (15/02)	—	Finish any data-structure implementation.	Flashcards 1.4 + one earlier Mini-Paper.

Spring Term 2

Wk (w/b)	Taught	 Homework	 Consolidation
21 (22/02)	1.4.3 Boolean logic, gates, truth tables · KA7	Homework 1.4.3 Part A; prep KA7.	Quiz 1.4.3 Section A; truth-table drills (Worksheet 1.4 §A).
22 (01/03)	C3 PyGame (sprites, sounds) · KA7 fb	PyGame tasks; act on KA7 feedback.	Full Quiz 1.4.3 ; Flashcards 1.4.
23 (08/03)	1.4.3 Karnaugh maps, simplification · <i>Recap 1.2 slot</i>	Finish Homework 1.4.3 ; K-map + De Morgan drills (Worksheet 1.4 §A).	Mini-Paper 1.2 (matches the SOW Recap-1.2 slot) + Organiser 1.2 cover-recall.
24 (15/03)	<i>Review wk 3</i> · CAP4/KA8 · 2.1.5 Thinking concurrently · <i>Recap 1.3 slot</i>	Homework 2.1.5 ; prep CAP4/KA8 (cumulative 1.1–1.4 + 2.1).	 RECAP CHECKPOINT 3 (1.1–1.4) , timed; Mini-Paper 1.3 for the SOW Recap-1.3 slot.
25 (22/03)	CAP4/KA8 fb · C3 PyGame · <i>Recap 1.4 slot (4 days)</i> · <i>CAP4 due 22 Mar</i>	PyGame workbook; act on CAP4/KA8 feedback.	Mini-Paper 1.4 (SOW Recap-1.4 slot) + Reference-Sheet number/logic drills.
Hol (29/03)	—	Mock Paper 1 a section at a time over Easter, self-marked against its answer sheet.	Re-RAG the PLC; top up weakest subtopics with their quizzes.

Summer Term — Mocks & Mini-NEA

Wk (w/b)	Taught	 Homework	 Consolidation
26 (12/04)	C3 PyGame · Mock revision	Sit remaining Mock Paper 1 sections timed; error log.	Target weakest PLC rows with quizzes/organisers; Exam Technique + Command Words guides.
27 (19/04)	L6 MOCK WEEK (CAP5)	Light: skim Glossary + Common Mistakes ; rest.	— (mock week)
28 (26/04)	C3 PyGame · mock feedback · <i>file checks</i>	Re-attempt your two weakest mock questions in full.	Flashcards on weakest topics; update PLC from mock results.
29 (03/05)	Mini-NEA: Analysis (<i>4 days</i>) · <i>CAP5 due 7 May</i>	NEA Template §1 Analysis: stakeholder, requirements, success criteria.	NEA Guide checklist — every criterion measurable; 10 min/day flashcards.
30 (10/05)	Mini-NEA: Analysis	Complete Analysis write-up (research evidence in).	Peer-review a partner's analysis vs the NEA checklist.
31 (17/05)	Mini-NEA: Design	NEA Template §2 : decomposition, algorithms, data structures, UI.	Check each design decision traces to a requirement.
32 (24/05)	Mini-NEA: Design	Complete §2 + test plan (typical/boundary/erroneous).	Review vs the Design checklist.
HT (31/05)	—	Finish the design so implementation starts clean.	Light flashcard retrieval.
33 (07/06)	Mini-NEA: Implementation	NEA Template §3 : iterative build with annotated evidence + tests per iteration.	Keep the development log as you go.
34 (14/06)	Mini-NEA: Implementation · <i>Review wk 4</i>	Continue §3; add validation/robustness.	File-check prep — all code evidence annotated.
35 (21/06)	Mini-NEA: Evaluation	NEA Template §4 : test vs every success criterion, stakeholder feedback.	Map every evaluation point back to Analysis.
36 (28/06)	Mini-NEA: Evaluation · <i>RAD day 3</i>	Complete §4 + justified improvements.	Final NEA checklist; set VESPA targets for Year 13.

Teacher notes

- Every homework sheet is **/20, self-markable** (separate answer sheet) and its **Part B already re-tests earlier subtopics**, so spaced retrieval happens even if the consolidation column slips.
- Log KA/CAP marks in the **Markbook**; students re-RAG the **Personal Learning Checklist** after every marked piece.
- **Recaps 4–6** (which include 1.5 and 2.2–2.3 content not taught in Year 12) are your ready-made Year 13 spaced-retrieval papers.
- The editable CSV/XLSX version of this table is alongside for pasting into your SOW document.
